

## Mr. Tone Theme Song

Mayday Mayday Mayday! Plane in trouble! Plane in trouble! Mayday Mayday Mayday!

Thrown into the jungles of Knowledge Island  
One ordinary man was left to perish  
Were it not for the guidance of a mysterious civilization  
They did more than nurse him back to health. They gave him... The Solution

Years ago, Mr. Tone was flying high in the sky  
The wind had blown, the plane was thrown  
He had to jump for his life  
His parachute stuck in a tree  
He was battered and beat  
Knowledge Island was the place  
And he had new friends to meet

(Precious! Fester! Chargie! Flex! Vita! And Ice!)  
They said "We're here and we can keep you from The Not-So-Good-Guys!"  
(Precious! Fester! Chargie! Flex! Vita! And Ice!)  
They said "We're here and we can keep you from The Not-So-Good-Guys!"

### **Chorus:**

*Mr. Tone Mr. Tone (It's the Tone Up Operation)*  
*Mr. Tone Mr. Tone (All across the nation)*  
*Mr. Tone Mr. Tone (It's the Tone Up Operation)*  
*Mr. Tone Mr. Tone (All across the nation)*

With the knowledge in his pocket  
He was ready to leave  
But Mr. Tone don't work alone  
He needs his Tone Up Team  
So he loaded up his boat  
And said "Let's go for a ride!"  
He knew to well the friends  
That he would always need by his side

(Precious! Fester! Chargie! Flex! Vita! And Ice!)  
They said "We're here and we can keep you from The Not-So-Good-Guys!"  
(Precious! Fester! Chargie! Flex! Vita! And Ice!)  
They said "We're here and we can keep you from The Not-So-Good-Guys!"

**Chorus 2x** .....TONE UP!!!
